A Church Built on The Word

We're a community of ordinary people learning to follow Jesus together in real life. No matter your background, questions, or past experiences with church, you're welcome here. We believe faith isn't meant to be lived alone, so we gather to worship, grow, and support one another through every season. Our heart is to create a place where you can encounter God, build meaningful relationships, and discover the purpose you were created for.
